

RUTIK SONAWANE

Software Developer Intern

☎ +91-7219748034 ✉ rutiksonawane0303@gmail.com 🌐 linkedin.com/in/rutiksonawane

Summary

Software Development Intern with a strong foundation in Java, SQL, JavaScript, HTML, and CSS. Skilled in designing, developing, and testing web applications while ensuring clean and efficient code. Passionate about building user-friendly solutions and continuously learning new technologies. Interested in contributing to innovative software projects in dynamic, collaborative environments.

Skills

Programming & Querying: Java,SQL

Database: SQL,Mongodb

Frontend: Html,Css,Javascript,React

Tools: Git,Github,Vercel

Experience

Web Development Intern

June 2025 – August 2025

Mentronics Pvt. Ltd., Pune

Tools Used: HTML, CSS, JavaScript, SQL, Java

- Developed a **Travel Booking System** web application enabling users to search, book, and manage travel packages with real-time availability.
- Implemented responsive front-end interfaces using HTML, CSS, and JavaScript to enhance user experience and accessibility across devices.
- Designed and integrated SQL-based backend modules for user authentication, booking records, and transaction management.
- Collaborated with a team of developers to perform testing, debugging, and deployment—ensuring reliable and efficient performance.

Projects

NewsAiPro – AI News Summarizer | Html,Css,Js,NewsAiApi,React

May 2025 – June 2025

- Developed a dynamic web application in React.js to fetch real-time news via NewsAPI.
- Implemented features for reading, listening, and interacting with AI-generated summaries, including Q&A capabilities for deeper understanding.
- Focused on responsive UI design and optimized performance to deliver a smooth and engaging user experience.

Student Management System | SQL, Java

January 2025 – February 2025

- Developed a database-driven system to manage student records including enrollment, attendance, and academic performance.
- Designed SQL tables, queries, and triggers for efficient data storage and retrieval.
- Built user-friendly interfaces in Java for adding, updating, and searching student information.
- Improved data accuracy and retrieval time by implementing relational integrity and optimized queries.

Awards & Certifications

- **Selected for Internal Smart India Hackathon – 2025:** Worked on the topic “AI-Powered Mobile Platform for Democratizing Sports Talent Assessment”, focusing on using artificial intelligence to identify and evaluate athletic potential.

Education

B.E. Information Technology

Aug 2023 – July 2027

Trinity Academy of Engineering, Pune

CGPA: 8.51 / 10
